

Espacio Clandestino

SAC

Unexpected and unique

Located in the center of Seville, on the banks of the Guadalquivir River, in a unique and privileged location such as the Triana neighborhood. It has public parking just a few meters away and the possibility of docking by boat after a stroll along the city's river.

Clandestino is a surprising space, unique in the city, semi-hidden, concealed from the view of the general public and the masses. You only know it if you have been invited. A new space to surprise a small group of people at your exclusive event, whether daytime or nighttime.

Faint atmosphere

The exposed brick walls remind us of the speakeasy bars of New York City during the Prohibition era, a controversial measure that prohibited the production and consumption of alcoholic beverages in the city. Enormous curtains, a black marble bar, polished mirrors, and a subdued ambiance will transport us to another era.

Two different spaces

This venue features two distinct spaces that allow for separate meetings and gastronomic services for small groups. It is distributed as a duplex, with two floors connected by a wrought iron staircase.

Cocktail and seated

The lower floor has a capacity of 50 guests in cocktail format events and 20 guests for seated menus. It is equipped with its own audiovisual resources: a platform, sound system, and lighting. Its versatile furniture allows for various setups for gastronomic services, meetings, product presentations, and performances.

A new venue in Seville to surprise a small audience with exclusive and high-quality gastronomic events.
